

## Provider Notice

This is a reminder that while a child is in a Therapeutic Group Home (TGH), a Psychiatric Residential Treatment Facility (PRTF), an Early and Periodic Screening, Diagnosis and Treatment (EPSDT) TGH, or an EPSDT PRTF, the Independent Assessment, Certification and Coordination Team (IACCT) is required to complete a reassessment every 90 days or earlier as deemed clinically appropriate. In order to complete the reassessments, the IACCT provider will be reaching out to the Residential provider to obtain clinical information. All Residential providers should promptly respond to the IACCT providers' request for information.

For more information regarding the IACCT reassessment, please refer to the [Residential Treatment Services Manual](#).
