

Provider Notice

Subject: PRTF and ARTS Residential Rate Changes 7/1/2022

Effective July 1, 2022, the Department of Medical Assistance Services (DMAS) has increased the rate ceiling for Psychiatric Residential Treatment (PRTF) services and Addiction and Recovery Treatment Services (ARTS) ASAM 3.3 – 3.7 delivered in a residential setting. Please review the [PRTF Rate List](#) posted on the Magellan of Virginia website to review the new rate for your facility.

If you are span billing, we recommend billing dates of service prior to July 1, 2022 separately to ensure you are reimbursed correctly. If the spanned dates on the claim line overlap with dates in July, you will not be reimbursed at the new rate.

If you have any questions, please contact Magellan by calling 1-800-424-4046 or emailing VAProviderQuestions@magellanhealth.com
