UPDATE: Registration Requirement for Crisis Services

Crisis services requires registration. Based on regulation changes, registration of these services must occur within **one business day** of the service. This includes:

Crisis Intervention Services - for reimbursement of this service, registration with Magellan is required within one business day from the provision of services or completion of the service-specific provider intake - whichever occurs first.

Crisis Stabilization Services - the provision of this service to an individual shall be registered with Magellan within one calendar day of the completion of the service-specific provider intake to avoid duplication of services and to ensure informed care coordination.

If you have any questions, please contact Magellan: 1-800-424-4536
