

Provider Notice

This is an update to the Transition Authorization and Registration Process previously outlined in a [February 1, 2019 communication](#). Magellan of Virginia has created a form to use when submitting these requests to ensure we have all the information needed to process the request quickly. We request that all providers use this each time a transition request is submitted. We still require Proof of Authorization or Registration with the Managed Care Organization (MCO).

You can find the form on www.magellanofvirginia.com under “For Providers”, “Provider Tools” and “Forms” or by clicking [here](#).

For more information about the Transition Authorization and Registration process, please refer to the [February 1, 2019 communication](#).

If you have any questions, please use the [Contact Us](#) page on our website or call 1-800-424-4046.
